OCS Pharmacy at Oklahoma Cancer Specialists and Research Institute

Oklahoma Cancer Specialists and Research Institute provides a retail pharmacy to assist patients with the increased demands required for oral oncology treatment.

OCS Pharmacy is a specialty pharmacy with a distinction in oncology that is certified by the Accreditation Commission for Health Care.

Twenty-five percent of new oncology drugs currently in clinical trials are taken orally. Oral oncology drugs offer patients ease of administration and convenience of treatment at home.

Oral oncology drugs often require strict guidelines for consumption, as well as additional paperwork that the corner drugstore may not be familiar with or have the time to complete. Studies have shown up to 50% greater compliance with oral oncology drugs dispensed from oncology pharmacies versus standard retail pharmacies.

OCS Pharmacy is licensed in both Oklahoma and Kansas in order to serve our patients in these states. OCS pharmacy is contracted with most major insurances and will inform you if the pharmacy is in-network with your insurance. The OCS Pharmacy staff are trained and knowledgeable of most copay cards and grants that may be available to decrease the cost of your oral medication. They may be able to assist you in obtaining your drug at a reduced or no cost if you qualify.

OCS Pharmacy has a Registered Nurse on staff that is oncology certified and can assist in completing the necessary paperwork that may be required by your insurance.
